Datos necesarios para pedido de vitrinas

- Medidas expresadas en milímetros detallando si son totales o con descuentos aplicados.
- Indicar modelo y acabado de perfil.
- Con o sin cristal.
- Tipo de cristal (Color y acabado / mate o brillo)
- Con o sin vinilo de seguridad, cristal templado, etc.
- Con mecanizados o sin mecanizados.
- Con o sin tirador.
- Modelo, medida y posición de tirador
- Indicar si lleva refuerzo interior (recomendado para puertas de > 1500mm. de altura)
- Indicar si lleva perfil japonés.

Observaciones

El cristal estándar tiene 4mm de espesor.

Es recomendable utilizar vidrio templado para altos superiores a 2000mm.

Plazos de entrega

Color laca estándar 15 días laborables.

Color laca especial 20 días laborables.

Vidrio templado 20 días laborables.

**Consultar opciones de mecanizado para diferentes sistemas (coplanar, corredera, suspendido, plegable, escamoteable,etc.)*

Disponible simulador para cálculo de precio.
